Sudip Mondal | IIT Madras +91 9126865452 | ce20b112@smail.iitm.ac.in

+91 9126865452 ce20b112@smail.iitm.ac.in INTERNSHIP EXPERIENCE	
Developed a mock graphQL API generator which can mock and generate CRUD endpoints.	
Sprinklr	Enhanced and added minor features to GitLab Macros Extension.
Product Engineer	Migrated cherry picking tool for gitlab from chrome extension to electron app.
	Have been extended a Pre Placement Offer.
Cohesive	Developed an Automated email generation system based on OpenAl's text Da Vinci model.
Full Stack Developer	Implemented designs, enhanced performances and managed deployments.
Purple Bot Tech	Developed a server using Express and PostgreSQL with the sequelizer ORM for the "Neend" app.
PVT. LTD.	• Estimated a cost reduction of 50% on Firebase using the backend server on production.
Software Engineer	Created an admin portal interface for the internal team to post audio and related content using ReactJS .
Hecco Technologies	Automated the prescription generation system using NodeJS to generate pdfs. Integrated RECT ANIs and greated pages from system for the "Years" and wing Recet Native from years.
PVT. LTD. Frontend Developer	 Integrated REST APIs and created pages from scratch for the "Yara" app using React Native framework. Implemented styling and animations using SCSS for the React-native-based mobile application
Resonect Web Developer	 Using the Angular and Ionic framework built an app to ease the act of resonating with the interests of people. Introduced advanced git and GitHub concepts and the workflow for collaborative works.
vveb Developer	POSITIONS OF RESPONSIBILITY
Recruited and trained a team of 10 coordinators to sustain websites related to sports of IIT Madras	
Core, WebOps Team	Revamped the pages of the IITM Sports website and integrated them with the blog page and sales portal.
Sports Organising Committee, IITM	Coded and deployed the website for Agrata, with Integrated Payment and Authentication systems.
	Created an automated certificate generation and verification system for the organisation.
GitHub Campus Expert	• Led a programming community of 500+ members inside IIT Madras; Became a member of GitHub Campus Experts India.
Oct'21-Present	Onboarded Postman, Script Foundation, and Scaler as sponsors for events and hackathons on behalf of this community.
PROJECT EXPERIENCES	
Portfolioshop	Built an automated system that takes input from the user and generates customised portfolio websites for them.
Group Project	 Implemented Azure functions, used MongoDB database and built the front end using React.Js and Material UI. Selected by GitHub to be listed on the Community Exchange gallery launched in 2022.
HLD-Copilot	 Built a GPT-3.5 backed high-level system designer for distributed microservices based on user-provided requirements. Users can have interactive conversations with the Al-powered GPT-3.5 model to discuss and refine the high-level designs.
Personal Project	Uses the Next.JS for handling the frontend and backend API.
	CO-CURRICULAR ACTIVITIES
	CO-CURRICULAR ACTIVITIES • Workshop trainer for Cloud computing & DevOps, Shaastra 2023, IIT Madras.
	 Workshop trainer for Cloud computing & DevOps, Shaastra 2023, IIT Madras. Workshop trainer about CI/CD and DevOps at CFI, IIT Madras.
Public talks	 Workshop trainer for Cloud computing & DevOps, Shaastra 2023, IIT Madras. Workshop trainer about CI/CD and DevOps at CFI, IIT Madras. Speaker of the API 101 workshop on <u>Introduction to APIs with Postman</u> in IIT Madras. Attended by 80+ students.
Public talks and	 Workshop trainer for Cloud computing & DevOps, Shaastra 2023, IIT Madras. Workshop trainer about CI/CD and DevOps at CFI, IIT Madras. Speaker of the API 101 workshop on <u>Introduction to APIs with Postman</u> in IIT Madras. Attended by 80+ students. Speaker at DSC, IIIT Guwahati in an online tech talk for 50+ undergraduate students on <u>Introduction to GitHub.</u>
	 Workshop trainer for Cloud computing & DevOps, Shaastra 2023, IIT Madras. Workshop trainer about CI/CD and DevOps at CFI, IIT Madras. Speaker of the API 101 workshop on <u>Introduction to APIs with Postman</u> in IIT Madras. Attended by 80+ students. Speaker at DSC, IIIT Guwahati in an online tech talk for 50+ undergraduate students on <u>Introduction to GitHub.</u> Speaker at Shaastra Juniors, IIT Madras on the topic <u>Introduction to Computing world</u> delivered to 100+ students in school.
and	 Workshop trainer for Cloud computing & DevOps, Shaastra 2023, IIT Madras. Workshop trainer about CI/CD and DevOps at CFI, IIT Madras.
